

Dear Stellar

Dear Sir / madam,

I would like to let you know that I drank one of your wines recently and loved it!

The wine I drank was a Moonlight Organics Shiraz 2003, bought here in Holland. I picked it not in the least for the warm artwork on the cover. The text on the back appealed to me in a great way!

My motto from now on will be: Loosen-up, Lighten-up and Live-a-Little! And of course followed by a: "Hey, I know a real good wine you would like too!"

Well, thanks for a very cheerful evening here in the Netherlands. And I'd like to say: Keep up the good work!

Love,

Erik Hekkelman
